## VISEN

### Quality and Environment Policy

VISEN's mission is to Manufacture and Supply Top Quality Emulsion Polymers and HDPE Drums to various industries assured with service back up to enhance Customer Satisfaction. In support of this, we are committed to implement Quality and Environmental System.

Our success will be judged in achieving the following:

- Consideration with the context of the organization and aligning the Quality and Environment Management System with the strategic direction of Visen Polymers.
- Our commitment to satisfying customer and applicable statutory and regulatory requirements
- Our establishment, application, maintenance and continual improvement of the effectiveness of the Quality & Environment Management System - ISO 9001:2015 & ISO 14001:2015.
- Ensuring compliance with all applicable Legal, Environmental and other regulations.
- Demonstrating commitment towards the environment and keeping the pollution levels from our activities at a minimum.
- Educating, training and motivating VISEN employees to work in a safe, environmentally responsible manner.
- Our commitment to be environment friendly and to conform to safety measures inside the organization.
- Our commitment to making continuous improvement a part of every day and every job.
- Our commitment in ensuring that our Policies and Procedures Manuals reflect what we actually do.
- Managing EMS aspects & impacts; actively seeking and acting upon meaningful opportunities to reduce risk and improve our IMS performance.

The framework for setting quality objectives is defined in the Quality and Environment Manual.

CEO/MD is responsible for communicating the Quality & Environment Policy to all persons working for or on behalf of the organization and making it available to all Interested Parties.

Vijay S Nair  
CEO / MD
